

Attribution

Why We Collect Links to CC BY 4.0?

The **Creative Commons Attribution 4.0 International (CC BY 4.0)** license allows creators to share their work freely while ensuring they receive proper credit. It permits others to:

- **Share** — copy and redistribute the material in any format
- **Adapt** — remix, transform, and build upon the material for any purpose, even commercially

The only requirement is **attribution**: users must give appropriate credit, link to the license, and indicate if changes were made.

We collect links to this license to:

- **Ensure transparency** about usage rights
- **Provide proper attribution** to original creators
- **Support open access and reuse** of creative and educational content
- **Comply with legal and ethical standards** for content sharing and modification
